

Long Term Substitute Mathematics Teacher (full-time)

Community Charter School of Cambridge (CCSC) is a public charter school that serves students in grades 6-12. Focusing on post-secondary success for all students, CCSC combines high academic and behavioral standards with a supportive environment in which all students are known exceptionally well. CCSC seeks dedicated, outstanding, and innovative faculty and staff interested in joining our diverse and talented team. Educators will build upon our rigorous academic program, commitment to diversity, and strong school culture. CCSC has been honored during its first twelve years and is currently the highest ranked middle/high school in the greater Boston area. Last year, CCSC received an official state commendation and was runner-up for the prestigious Pozen Prize for Charter Schools. Outstanding academic results for all students *and* all subgroups over the past few years were qualifications for both.

This specific position is a long term substitute position and entails teaching two sections of Algebra 1 and two sections of Algebra 2. In addition, the long term substitute faculty member will fulfill all regular duties and commitments required of CCSC staff for a prescribed length of time, between mid-January 2018 and mid-April 2018.

A long term substitute mathematics teacher can expect to:

- Assume personal responsibility for the academic progress of all students
- Work collaboratively to create and implement a program of study that is intellectually challenging
- Work with a diverse student body from Cambridge, Boston, and surrounding towns
- Sustain a school-wide culture of respect and actively use the school's PBIS system
- Plan and teach Algebra 1 and Algebra 2 sections
- Embrace the school's commitment to diversity and actively participate in equity-focused professional development
- Communicate with students' families on a regular basis
- Participate in myriad forms of professional development as scheduled for all faculty

Qualifications:

- Lead-teaching experience in mathematics
- BA or BS required
- Coursework through introductory calculus required, with additional math experience preferred
- Proper licensure preferred, but not required
